### Outcomes

The Chairman of the Commission, Prof. Popiolek mentioned four points of the Agenda. The most important subject was verifying the member register. Due to inactive members the IV Commission lost the possibilities to make a progress in new activities. The commission took the resolution **to cross out all the members who has been inactive during the three meetings or who were cancelled for the national committees of ISM.**

In the next point of the agenda Prof. Popiolek resigned of the chair of the commission. Prof. Popiolek proposed a candidature of Mr. R. Hejmanowski. There were not more candidates proposed. All attendant of the meeting voted for this proposal.

In the last point of the agenda some suggestions according the future activities of the commission were discussed by the members. The commission will start with the Co-operation with the FIG Commission 6<sup>th</sup>, especially with the working group 6.1 of this commission, which is interested in deformation measurements and analysis. Firstly the chair of the commission should send some details about the commission goals and organized conferences and meetings. Further the common issues of the both commissions shall be discussed.

The next meeting of the commission will be prepared together with the conference 9<sup>th</sup> Geocinematic Day in Freiberg in Mai 2008. The second meeting will be held in Cracow in year 2009 during the Conference of mine Surveyors of Poland.

The chair of the ISM commission 4 will prepare some proposals of future activities. The proposals own to be discussed with the members using the internet possibilities.
